### In association with:

**Shadows Professional  
Development Ltd**

**ERASMUS+**

This course was produced first in England as a result of a pilot course arranged by the British Council Prague, the Educational Institute of Central Bohemia (VISK), Jazyky v zahraničí s.r.o. and Shadows Professional Development Ltd.

The programme is aimed at decision makers: Head Teachers, Deputy Heads, School Management and Senior Teaching Staff as well as European Programme Coordinators or members of staff involved in Erasmus+ activities.

### 3-day Study Visit Aims

- Raising cultural awareness
- Working internationally in a more efficient way
- Sharing of Best Practice in school leadership
- Effective processes of learning / teaching
- Ensuring sustainability through the Erasmus+ programme

The course will be delivered **in English** to allow all participants to understand. A French-English bilingual member of staff will ensure clarity during input sessions, cultural visits and the school visit.

### Preparation

#### Pre-course Preparative Modalities

- Needs Analysis

# ERASMUS+

## Intensive Three Day Study Visit

---

### Course Topics

#### Education Systems and School Leadership

##### Input Session:

French Educational System  
School Leadership & Management

##### Comparative Education Workshop

##### Preparation of School Visit

#### School Visit

1. Primary 5-11 yrs or
2. Secondary 11-16 (18)

- Familiarisation with the school and its place within the French Education system
- Guided Visit of the school
- School's curriculum
- School Leadership system
- management of the teaching and learning processes
- Pupils' study results & successes
- In-Service Teacher Training
- Class observations
- Informal discussion with teachers when possible during observations

#### Cultural Activities

Language is not learned solely in the classroom, in isolation from its culture

Through the activities of this practical day, participants experience that out of school culture goes hand-in-hand with learning a language.

Participants will:  
enhance their cultural consciousness and sensitivity  
Acquire cultural input appropriate to language teaching  
Learn how cultural activities can improve student motivational skills
