“

I studied with my children for 4 weeks and this experience was amazing. My teachers and classmates were friendly and the lessons were dynamic and participatory. Malta is a good country for studying English in Winter because other European countries are colder than Malta. I recommend GV Malta to study English.”

**MARCO ROSAS, CHILE**

“

I really enjoyed studying at GV Malta. The atmosphere, teachers and staff were amazingly welcoming and friendly. Moreover, I learned a ton of new things about English here. I can't thank my teachers enough. Even though the class size was small, I made an abundance of friends. The good thing about having a small class is that you can get personalized advice from a teacher. This was really helpful for improving my English skills. Thank you so much to every single person that I met at GV Malta.”
