To us, it's not just about learning a new language but living in a new language.

We look forward to having you join us!

Barcelona

Barcelona offers art, beauty and beaches.

Madrid

The capital of Spain is ready to immerse you into the Spanish culture.

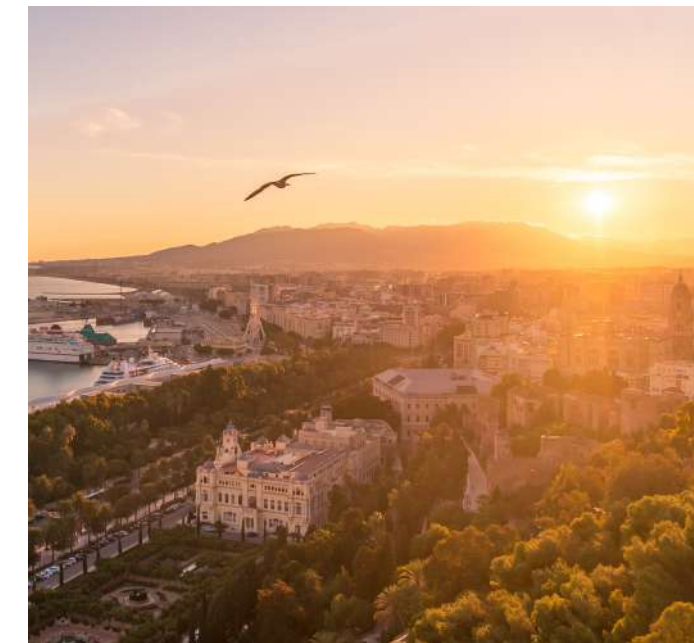

Málaga

Our Concept

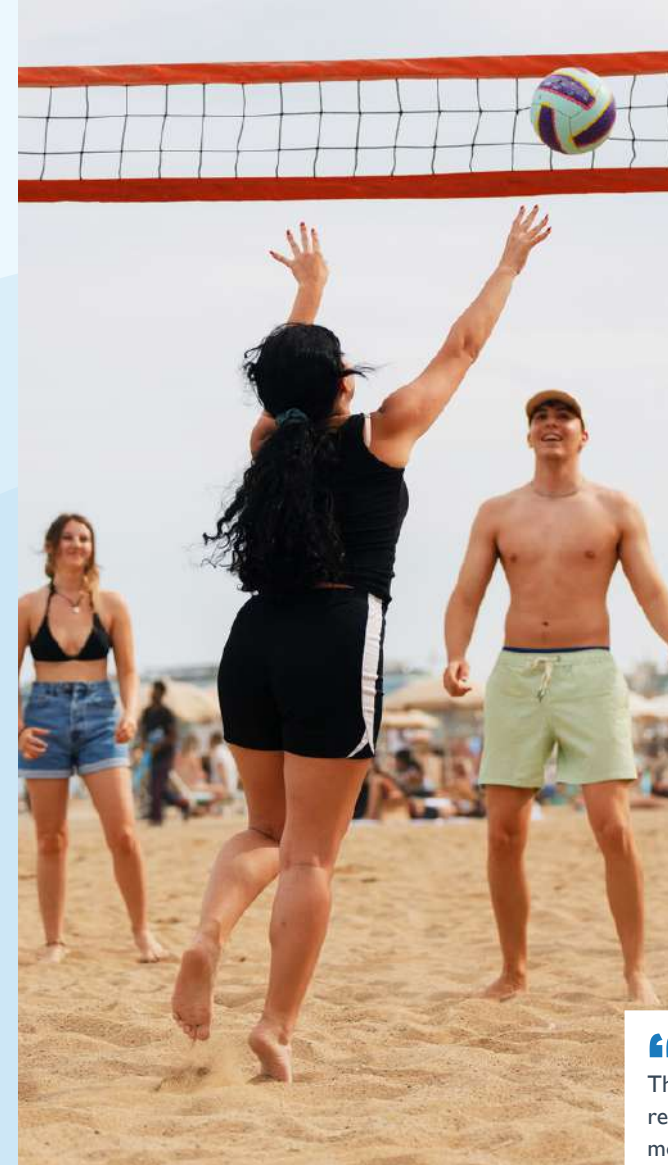

Solo se habla español

From day one, all students are encouraged and expected to use only Spanish and fully immerse themselves in the language, no matter their initial level.

Expanish is a **great language school**. I was only there for a week, but immediately felt well received. The classes are adapted to your level and in small groups. Almost every afternoon there are joint activities...

Sina Resas
Student, 23, Germany

Cultural activities & excursions

Make friends, practice Spanish and learn about the local culture. Students can join weekly cultural activities such as flamenco dancing, tapas tours, mate tasting and more, depending on the destination. Weekend or day excursions are also available.

The whole team gives **suggestions and tips**, for example: which restaurants are very good and cheap, which places to visit and much more! And every afternoon there are activities you can join.

Martina Trenkwalder
Student, 42, Austria

Live in Spanish

Students have the opportunity to live in Spanish either by staying with locals in Homestays or Shared Apartments, or with other students in residences or apartments with Spanish-speaking staff. Daily tasks will always be in Spanish.
