# UNIVERSITY FOUNDATION PROGRAMME

A two or three term course designed for international students who wish to progress onto undergraduate courses in the UK

Delivered in collaboration with and moderated by the International Foundation Group

Smaller classes for individualised learning – 12 students maximum

**I thought the first year in Britain would be a very difficult time, but the school days were fantastic for me. My teachers answered all my questions, gave advice and helped me with college applications. I also met friends from different countries on campus. Dormitories and schools are conveniently located in the same building so I didn't have to worry about traffic jams. Overall, my English level has been greatly improved during the school year and I have been more integrated into life in the UK.**
