A personal welcome

John Barnett
Principal

Dear Student of English,

The Cambridge Academy of English was founded in 1975 and, since its opening, many thousands of people of all ages and from more than 75 different countries have studied at CAE. At CAE you will find a friendly, caring and hard-working environment that is ideal for serious study. We are located in a comfortable and very secure residential area on the outskirts of Cambridge (15 minutes by bus from the centre of this world-famous university town), and all our homestays are within easy reach of the school - normally within walking distance.

For us, each CAE student is special and different, with particular needs and objectives. We are small enough for every student to be important as an individual, but also big enough to provide a wide range of courses and levels.

In this brochure you will find details of the different English courses we run at CAE. We offer:

Adult General and Examination Courses

English for Professionals and Lawyers

Closed Group courses for Schools and Colleges

Summer Young Learner Courses

If you need further information, please contact us at CAE or contact a CAE representative in your country, who will be able to give you information particularly suited to your country and personal circumstances, normally including travel arrangements.

Looking forward to seeing you at CAE!

John Barnett BA(Hons.), Cert TEFL, ADELTM

Adult courses in Cambridge

Cambridge - one of the most famous university cities in the world!

If you are an adult of any age and you are learning English, you will already be very different from anyone else on your course – your experience, your needs, your lifestyle and your plans for the future.

You might want a short or long course in English. You might want to prepare for a certain examination (IELTS? Cambridge?) Whatever the case, you can have a course that is designed around you – personally!

In this Adult student section of our brochure you will find out more about the ways we can do this, such as:

- Special English Language options
- 1:1 tutorials at regular intervals in class with your main teacher
- A teacher nearby to help you with your homework assignment
- The Sunday Speaking Club – a chance for free debate

But also there's something else we can offer to make your course **very** special...

Cambridge is our home ...

The Cambridge Film Festival
Summer in the City season
Shakespeare Festival
The Strawberry Fair
The Cambridge Wordfest
Science Festival
Cambridge Folk Festival
Buskers and Street Musicians Festival
Pop in the Park

... and all just 60 minutes
from Central London!

Cambridge itself

The **university** that has been at the heart of our city for 800 years is one of the world's oldest, most beautiful and most well-known. Famous students have included Isaac Newton, Charles Darwin, Stephen Hawking, 15 British Prime Ministers and 95 Nobel Prize-winners (and even James Bond!).

But Cambridge is also about the very latest of **today!** On your doorstep is the internationally famous 'Silicon Fen' – a collection of high-tech and bio-tech companies that have made Cambridge their home.

All this history, culture, science and technology on hand gives us at CAE wonderful opportunities to supplement your course with fascinating study-trips and excursions – so that your English-learning experience at Cambridge will be something much more valuable than a simple language course.

And don't forget... Cambridge is home to many of the brightest young students in the world! They **all** demand high class entertainment all year round! So among all the historical beauty you will find lots of **restaurants, clubs, pubs, interesting cafés, theatres, cinemas and concert halls together with modern shopping and sports centres.**

- Flexible course lengths – from 2 weeks to one year
- Flexible start dates – most Mondays
- Class size – maximum 12, average 9
- 21 hours (of 60 minutes) in classroom + 10 hours teacher-assisted self-study per week
- Exams offered – IELTS, Cambridge, BULATS and others

Course Structure

Courses at CAE run non-stop throughout the year except for a 2- or 3-week break over the Christmas period (second half of December).

Starting your Course

Entry into courses at CAE is very flexible so that you can start your course most Mondays in the year. However, it is generally better to start your course at the beginning of a 12-week programme or at the start of a 4-week 'module'.

Length of your Studies

- Some students come to CAE for short periods – perhaps only **two or three weeks** – but even during a short stay they find that the friendly environment, dynamic lessons, electives and exciting social programmes help them to make rapid progress in their English learning.
- Other students come to us for longer courses – very often for **two to six months** – to prepare for one of the many exams we offer (see *Exams and Exam Courses* page 12). They soon become part of the CAE community, and form friendships which continue long after they return to their own country.
- There are also students who come to us for long periods – **six months or more**. Such students can follow a course containing special elements designed to be as relevant as possible to their plans for future academic study (see also 'Academic Year Student', page 9).

Class Size

For most of the year the average number of students in your class will be 9 – the maximum is only 12. Furthermore, we make every effort to ensure that there is a good mixture of different mother tongues and cultures in every class.

English Level

This will be assessed as soon as you arrive at the school. We will give you a short test which will tell us both your spoken and written English levels. We will then place you in one of 7 levels from Beginner to Advanced. If for any reason you are unhappy with your class, we will always be available to help. (*For more details about your level see page 12.*)

Tutorials

If you are studying for a period of more than 2 weeks, one important feature of your course will be the regular 1:1 tutorial with your teacher – an opportunity to review your progress and identify areas for individual study.

CAE has been preparing students for major English language examinations since 1975 – and exam courses remain our core activity. The two most commonly requested exam courses are **IELTS** (required for entry to UK universities) and the **Cambridge exams** (FCE, CAE etc).

Sheila Levy - Deputy Principal

Exam Preparation

IELTS

This important test of academic English is used by many universities around the world as an entry requirement. To achieve a high IELTS score, candidates need a high level of oral English combined with skills in academic writing and reading. By combining our morning programmes with academic training in the afternoon we are able to offer a preparation programme that can be followed for several months or as little as two weeks, **and at any time in the year**.

Cambridge exams (including summer)

The main requirement for success in the Cambridge exams is an appropriate level of General, or 'everyday', English. Practice in the specific 'exam technique' of the Cambridge exams is also very useful.

The ideal preparation for Cambridge exams is 8-12 weeks, but we realise that in many cases students have less time available for study, especially in summer. We therefore offer:

3 courses leading to Cambridge exams in March, June and December (all are 12 weeks **but available over a shorter period** if necessary).

2 courses leading to exams in July and August (**4-6 weeks**)

In addition to training in General English, students on these courses will have the opportunity to practise examples of the tasks set by the Cambridge exams in our afternoon Cambridge Exam Workshops.

However, **all** Adult General English classes at Cambridge Academy are broadly based on the 'communicative' Cambridge Examinations syllabus – so that even a short stay at Cambridge Academy will provide useful training in the General English that forms the basis of the Cambridge exams. Such shorter courses can be booked **at any time of year**.

Other examinations

Our flexible Electives programme (see page 6) also gives us the opportunity to prepare students for other examinations, such as TOEFL and TOEIC.

NB It is of course important that candidates are realistic about their current English level, and what they can hope to achieve in the time available. (For more details of all the examinations available, please see Examinations and Exam Courses page 12.)

So, here's what your day will be like:-

The example timetable here is for a student who chooses an Examination preparation course *

9:15-10:45 New Language – lessons in grammar and structures, vocabulary extension and pronunciation. The emphasis will be on using imaginative and original exercises to improve your ability to communicate accurately in English. For exam candidates this will provide essential training in **accurate** language both for the oral and written exams.

10:45 – 11:15 Break

11:15 - 12:45 Language Skills – a period to concentrate on one or two of the four skills – Listening, Speaking, Reading and Writing. These periods are designed to make you confident in your ability to understand the English you both read and hear, and also to speak and write **fluently**. This will enable you to be more relaxed about everyday situations and to be more assured when you face the various tasks set in your chosen exam.

12:45 – 13:45 Lunch

13:45 – 15:15 Electives – Electives are special areas of English study that you 'elect', or choose. This is the part of the day that gives you the opportunity to concentrate on the exact techniques you will need for the different parts of your chosen examination. IELTS candidates will most likely wish to follow an Academic English elective, while students training for one of the Cambridge exams will find the Cambridge Examinations Workshop particularly useful. They are run for 90 minutes every afternoon from Monday to Thursday.

15:30 – 17:30 Teacher-assisted study – the school stays open so that you can use the library, multi-media centre or internet centre for private study ... but a teacher is always available for advice where necessary. This is the perfect opportunity for examination candidates to test themselves with exam questions from previous years – with the advantage that you can get immediate help with any difficulties.

* if your course is not an Examination preparation Course your timings will be the same as above, but your Electives and Teacher- Assisted Study periods can cover topics other than exam preparation.

Electives

The system of afternoon **'Electives'** at Cambridge Academy enables you to adapt your studies as much as possible to your individual academic plan, career or personal interests.

Electives are special areas of English study that you **'elect'**, or choose, for yourself. They are run for 90 minutes every afternoon from Monday to Thursday, every week of your course. Some are offered throughout the year and others change every few weeks.

You can take an elective in a wide variety of subjects. It would be impossible to give a complete list of the electives at CAE - because we are always adding new ones to the list! However, here are some very popular subjects:

Academic English

- **English for Academic Purposes** - For those who need Academic English (especially IELTS or TOEFL) for University or school.
- **Cambridge Exam Workshop** - Get to know the FCE, CAE and CPE exams in detail and work on your problem areas.
- **Writing Practice** - This is the ideal elective for those students who need extra help with basic writing skills.
- **Grammar Workshop** - An opportunity to do some intensive work in areas of English grammar that you find a particular problem.

Speaking and Listening

- **Vocabulary in Situations** - In the marketplace, at the airport, visiting the dentist - you'll need different vocabulary every time. This is a chance to discover new words and phrases for a wide range of interesting situations.
- **Multi-media English** - For those who find listening and speaking particularly difficult. Lots of fun activities as well as serious practice using the audio-visual equipment in our Multimedia Centre.
- **Ideas and Issues** - This is a chance for you to use your English to express your opinions on subjects that are important to you - the more controversial the better!
- **Cartoon Films** - Learn some REAL English from the Simpsons, South Park, etc. Great for listening, good for those who like a challenge.
- **Reading for Pleasure** - Stories, poems, plays, song lyrics - an elective to get you reading and speaking.

Special Interest

- **Cambridge People & Places** - Find out about historic Cambridge city, visit some of the places and meet some of the people from one of the most famous university cities in the world.
- **Communication in Business** - Learn to develop the language you need for the world of business. Practise all your skills in a business context. For TOEIC students too.
- **Film Studies** - Watching films and discussing them is great for your listening, speaking and vocabulary.

Here are three different students and the Electives they have chosen ...

- **Tomasz** is 21, and from Gdansk. He is studying Art and Design, but also has a general interest in the culture of the English-speaking world. During his 6-week course at CAE he has chosen to follow the elective 'Reading for Pleasure', which enables him to study in detail the lyrics of some of his favourite songs. After four weeks he will then change to 'Film Studies', which give him the opportunity to analyse and discuss the dialogue of a variety of famous movies.
- **Luisa** is a 23-year-old journalist from Bologna, and is interested in developing her career in international journalism. In the two weeks she is spending at CAE she is very keen to develop her English interviewing techniques, and has therefore decided to follow an elective in 'Ideas and Issues'. She'll have the chance to ask and answer questions on challenging issues such as climate change, freedom of speech and animal rights.
- **Fawaz**, 20, is from Kuwait and is planning to start an engineering degree at a British university next year. He is at CAE for 12 weeks, and this will give him the time to follow three different electives. For the first four weeks of his course, Fawaz will do Reading and Writing, as he needs extra practice in these skills. Then he will follow Extra Exam Practice, to develop skills he will need for the IELTS exam. His third elective will be Academic English which will help him acquire important skills like essay-writing and note-taking that he will need for university.

Self-study Facilities

- Library
- Interactive Listening Centre
- Computer Centre
- Extensive exam practice materials
- Teacher assistance during self-study periods
- Open on Sundays
- **The Study Centre Officer** – 5 days per week, for 2 hours, one of our teachers is on duty as Study Centre Officer to help you with any technical or language problems you may encounter while using the self-study facilities.

Self-study (working on your own) is a very important part of your programme at CAE. The self-study skills that you acquire at CAE will make it possible for you to continue to develop your English when you return to your home country. During your studies at CAE we will encourage you to make maximum use of our self-access Study Centre, which is fully equipped for language learning. At the beginning of your course, you will be given an introduction to the use of the Study Centre. At other times you can always get professional assistance from the teacher in charge of the Study Centre. All the materials are carefully graded and colour-coded for the various ability levels (Elementary, Lower intermediate, Upper-intermediate and Advanced).

Multi-Media Centre – This includes 12 stations together with a teacher's console. Classes are frequently held in the Multi-media Centre, with the teacher directing the lesson from the control console. At other times students can access a wide range of language learning activities to develop listening and speaking skills (e.g. pronunciation exercises, dictations, 'talking' books and video clips with accompanying work-sheets, and additional exam-practice materials).

Interactive Internet Room – During lessons this room is an interactive classroom with 12 internet stations and an electronic whiteboard. During self-study periods, CAE students can use the 12 stations for surfing the internet and for emailing free of charge. Wireless internet connection is also available at CAE free of charge.

Computer Centre – This contains computers equipped with up-to-date versions of the Microsoft Office suite (Word, Excel, Powerpoint, etc) as well as language learning software for developing reading and writing skills.

Library – the library at CAE is a particular favourite of students. It is large and well-lit with comfortable furniture. It is stocked with fiction ('graded' and 'non-graded'), as well as factual and reference books. There are English and bi-lingual dictionaries, atlases and a complete set of the Encyclopaedia Britannica. In addition, the library holds a wide range of examination materials and grammar and vocabulary exercises for all levels.

The Common Room – you will be able to use the Common Room for both study and quiet relaxation. Major British newspapers and magazines are stored here. You can watch films with your friends on our large-screen TV and you are free to use the piano which is kept here.

Language Clubs – CAE also runs a number of language clubs for students after school. These clubs include: speaking practice, help with writing, and pronunciation workshops. All of these clubs are lead by a CAE teacher and are offered free of charge.

BULATS is an increasingly popular online test of business language administered by Cambridge ESOL. There is no “pass/fail”. Instead, results are scored, and the Report Form given at the end of the test includes examples of language tasks that a candidate with a certain score should be able to handle. For this reason – and the fact that the test can be taken at any time – BULATS is an extremely useful measurement of language ability both for English learners and their employers. Anyone enrolled on *English for Business* can include a BULATS test in their course.

All testing takes place at CAE and test certificates are issued on completion of the course. CAE is particularly well-equipped to prepare students for LEGIT, having already successfully taught a variety of English for Law and Legal English exam courses for over 25 years.

This is a skills-based course that takes full advantage of Cambridge Academy's flexible 'Electives' system (see page 6) with General English classes in the mornings and 6 hours of training in specific business language and skills in the afternoons. The programme is also suitable as a preparation for BULATS.

- Vocabulary skills (e.g. word-building, business jargon, specialist terminology)

What is my Level of English?

When you arrive at CAE, we will test your level of English so that we can place you in exactly the right class, but you are probably very interested to know right now approximately what your level is. The table below gives you an idea of how we will decide your level – you may use it to fill in your application form.

NB – we **don't** rely only on your idea of your level of English – we will always test you when you arrive. The test we give you will be of both your spoken and written ability, and you will be assessed by very experienced teachers. They will then watch your progress to see if you should change class at some point later on in your course.

Beginner (1)	The student has little or no knowledge or experience of English	Common European Framework
Elementary (2)	The student knows all basic greetings and can ask and answer simple questions. The student has very basic knowledge of grammar, but cannot yet hold a conversation.	A1
Lower Intermediate (3)	The student can hold a basic conversation (eg describing family), though sometimes only with help. Some knowledge of grammar, including past and future time.	A2
Intermediate (4)	The student can hold a basic conversation without difficulty, but is not yet able to discuss more complex subjects (eg emotions or political opinions, imaginary situations). The student still makes some basic grammatical mistakes	B1
Upper Intermediate (5)	The student can discuss some complex subjects fluently (though others still cause difficulty). Common grammatical constructions cause no problem.	B2
Lower Advanced (6)	The student can now discuss a wide range of subjects, though with occasional mistakes in vocabulary and grammar. The student can write with few grammatical errors.	C1
Advanced (7)	The student can discuss a wide range of complex subjects, and only specialist vocabulary causes problems. The student can read authentic English (newspapers and magazines) without difficulty. Mistakes are now in style rather than structure. Some students can even distinguish between, and reproduce, different styles of speaking and writing.	C2

At CAE we encourage all our students to take exams (though no-one is forced!). We offer a wide variety of options. Below are the options with the level name and number you will need for the course.
(For more explanation of levels and level numbers please see above.)

If you cannot decide which exam you should take, or you know nothing about any of the exams, our Examinations Officer is there to advise you personally on each exam, as well as help you with your application. You should also speak to our Examinations Officer if there is any other exam which you would like to take, but which is not mentioned below.

Examinations and Exam Courses

International English Language Testing Service (IELTS)	Level: Any level from Intermediate [4+]	This exam gives you a score which you can then use to apply to university. The exam tests listening, speaking, reading and writing. It is popular with British and Australasian universities, and is growing in popularity with US universities.
Cambridge Preliminary English Test (PET)	Level: Lower Intermediate [3-4]	This exam tests your listening, speaking, reading and writing. Recommended if you are not yet ready for the other exams listed below.
Cambridge First certificate (FCE)	Level: Upper Intermediate [5]	The most popular English language exam in the UK. Tests all four skills - listening, speaking, reading and writing. It is tested over 5 exam papers. NB. Although it is called 'First', FCE is not a low level exam.
Cambridge Certificate in Advanced English (CAE)	Level: Lower Advanced [6+]	The advanced version of the First Certificate (see above). This exam specialises in preparing students in everyday communication at an advanced level.
Cambridge Proficiency (CPE)	Level: Advanced [7]	Tests listening, speaking, reading and writing. An ideal exam for those wishing to go to an English-speaking university - especially for courses in the arts and humanities.
Test of English for International Communication (TOEIC)	Level: Any level from Intermediate [4+]	This exam is very popular with employers in many countries as it tests your ability to read and listen to the kind of English used in the business world. CAE is an accredited TOEIC testing centre, which means that you can arrange to take the test at CAE at very short notice.
Test of English as a Foreign Language (TOEFL)	Level: Any level from Intermediate [4+]	This exam tests your reading, writing, speaking and listening skills and is particularly useful for students wishing to go on to study at an American University.

Accommodation

- School in a quiet residential area
- All homestays close to the school
- Most homestays within walking distance
- Single rooms for adults (16+)
- Full-time Accommodation Officer
- Student residence option

Accommodation at CAE is normally with local homestays. All CAE hosts are close by – either within walking distance or less than a 5-minute bus ride from the school. This is unusual for language schools in Cambridge. (If you prefer not to walk we can help you rent a bicycle very cheaply.)

Our Accommodation Officer knows all our hosts, and they will be carefully selected to suit your individual needs (for example – you might be allergic to certain kinds of food). We will send you a profile of the homestay we have chosen for you about two weeks before you come.

Your hosts will provide you with bed, breakfast and evening meal seven days a week (you can take lunch at the school cafeteria). Your host will provide you with towels and bedding, and will offer you a weekly laundry service. You will be able to have a bath or shower every day.

Adults (16 yrs+) normally have their own room. Some homestays accommodate several students at the same time, but never two who speak the same mother tongue.

Accommodation is arranged from the Sunday afternoon before the course to the Saturday morning after the end of the course. Additional nights can be booked (subject to availability).

Residential accommodation for students aged 18+ is also available in the summer. Contact our Accommodation Officer for further details.

What happens before I arrive?

- Clear instructions will be sent to you before departure
- Airport pick-up service is available

From the Airport to Your Homestay

There is an excellent coach transfer service to Cambridge city centre from each of the four London airports. You will then find taxis waiting at Cambridge bus station which you can hire to reach your homestay. However, if you prefer, we can order a taxi straight from the airport to your homestay. Prices for this are listed in the attached sheet 'How do I enrol?'

Your First Day at CAE

You will need to arrive at CAE by 09:00 on your first day (your host will tell you how to get to CAE from their house). Here you will be met by our Director of Studies. You will be given a level test, followed by a guided tour of the school to show you where all the facilities are which you will need. You will also be introduced to everybody whom you need to know. Finally, you will be taken to your class and your course will begin.

The CAE Cafeteria

Students do not need to leave the school building to buy lunch. Situated in the school itself, the CAE cafeteria provides students with a choice of food dishes (including vegetarian dishes) for lunch, as well as a variety of snacks and drinks. It is also used for refreshments at break-times. NB Lunch for Teenage (13-15 years) students is included in the fee for their course. They simply need to produce their voucher at lunch-time.

Your Free Time at CAE – “England is our Classroom”

The motto at CAE is **England is our Classroom**. In other words your English-learning should not just be during classes – it should go on everywhere, and all the time!

A Typical Week of Fun!

Let's imagine you're planning your free time for this week. On **Monday** you might want to try a Cambridge disco that's very popular with international students. On **Tuesday** there are going to be some good films shown on the large TV screen. On **Wednesday** you can go with your friends on a trip to Cambridge city centre. On **Thursday**, the Brazilian students at CAE are giving a party for the rest of the school – with Brazilian music and dancing (you could even learn to dance the Samba!) There are several excursions available on **Saturday**: to London, to Oxford and to Paris. If you can't decide which one to take, talk to your Social Organisers. On **Sunday**, if you're not still on an excursion, you might want a rest! You can always walk over to the school after lunch and watch DVDs or do some sport with your friends. **Friday** is your chance to experience some Cambridge culture: a concert or even a summer Shakespeare play in one of the university gardens. And remember - there will be different entertainment and excursions next week!

Excursions

Many students come to Britain hoping to see such places as London, Stonehenge, or the Scottish Highlands. We can suggest several different trips for you each weekend. Some are quite close to Cambridge. Our students can also go on excursions to Ireland, Wales, Scotland – even to European cities. All are economical with weekend trips ranging from £40 - £100 - and much more fun than just travelling on your own!

CAE Social Organisers - a great team!

Our Social Organisers are responsible for organising all aspects of social life within the school. Not only do they arrange parties, dances and excursions, they are also available to help you if you want to plan your own free-time programme. Their office is near the cafeteria, and they love to have visitors.

Sport at CAE

You can play volleyball, tennis and football at no extra cost. Golf and swimming are all available near the school as an extra. If you have other sporting interests our Social Organiser is there to help you find the nearest clubs and facilities to the school.

Exploring Cambridge! – With so many students to entertain, there is a never-ending list of social events: the world-famous Cambridge Folk Festival, the Cambridge Film Festival, the Summer in the City Season, The Strawberry Fair, The Buskers and Street Musicians Festival, the Pop in the Park, the Shakespeare Folk Festival and more...

... and there is a wealth of pubs, restaurants, theatres, cinemas. And the famous Backs – ideal for a romantic trip past the beautiful and historic colleges in a punt.

...and just outside Cambridge:

The Imperial War Museum at Duxford, the home of British horse-racing at Newmarket, the perfectly preserved medieval town of Saffron Walden, the unspoilt countryside of Suffolk, the magnificent cathedral at Ely known as the 'Ship of the Fens', and many classic English villages and small towns.

...not forgetting London's famous West End, just 60 minutes from Cambridge by train.

English with Confidence

English for Professionals, Executives and Lawyers

If you are a busy Professional, and you need to learn English quickly, you will need:

- an intensive course you can begin at any time
- a course that can run for as little as one week
- a class with very small numbers and/or 1:1
- mature trainers with professional backgrounds
- a centre teaching only mature professionals

At CAE we have the programme for you:

English with Confidence

What kind of English do you **really** need?

You probably know most of the technical terms of your profession already.

But what about the key skills of general communication in the professional world:

asking complicated questions – responding to humour – interrupting politely – closing a meeting – introducing strangers to one another – disagreeing politely – changing the subject – complaining about poor service – apologising for mistakes – asking people to speak more clearly.

90% of our clients' needs are not very technical – it's **fluency** that they need. This is what English with Confidence is designed to develop.

"It is estimated that 20% of all business opportunities in this country are lost through one or other party not having sufficient English"

English with Confidence

English for Lawyers

Legal English has been a **speciality** at the Cambridge Academy for many years, with trainers selected for their considerable knowledge of the subject, very often from having trained or worked in the legal field.

In many ways legal English is **very different** from other kinds of Professional English – it has not only its specialist terms, but also a whole style of speaking and writing that is only used in the legal context.

However, lawyers will also need the same skills of everyday communication in English as are used by other professionals working across international boundaries.

Therefore we usually recommend that clients needing training in legal English should follow our **50:50** formula **English for Lawyers 50:50 Combination Course**.

The “50:50” course comprises 12.5 hours of 1:1 training with 12.5 hours of training in an international small group. The course therefore provides ample opportunity for the study of specialist legal language, but at the same time gives clients the chance to practise the **all-important** general communication skills in English needed by any modern professional.

The 1:1 element will allow you to:

- Concentrate on special topics or skills eg. intellectual property law, company law, employment law, taxation
- Prepare for specific events such as where English will be the medium of communication, and when negotiating an important contract
- Concentrate on writing practice, eg drafting commercial contracts, writing letters

The small group element will enable you to:

- Practise taking part in meetings and discussions
- Learn how to argue persuasively without appearing rude or aggressive
- Participate easily at informal events such as parties and dinners
- Practise making presentations to an audience
- Develop your skills in asking and answering questions on legal and other issues

Professional English around the clock

The Professional Centre itself

English with Confidence courses are run in an attractive centre situated in the Cambridge suburb of Girton. The building is small, intimate and friendly - even during the busiest periods there are never more than 13 clients attending courses. The atmosphere is mature and businesslike (the minimum age is 25 years), but it is also tranquil and relaxed.

Your accommodation - the English at home

We strongly recommend you stay with one of our executive homestays. These have been chosen specifically for our professional clients, and all offer an excellent half-board service close to the Centre (with private bathroom facilities on request). Alternatively you might wish to stay in one of several good-quality hotels available in Cambridge. We can arrange for you to be met at the airport and taken straight to your accommodation.

English ‘after hours’ - your free time

We offer a subsidised programme of social events which you can take part in if you wish. Four very popular activities are: pub evenings, theatre trips, croquet and visits to King’s College to hear the famous choir. These will help you to practise your English in the most relaxed and spontaneous of atmospheres.

Unlimited Private Study

In addition to the 25 hours of training with your group, you will need to spend some time each week studying alone. This may be to address specific weaknesses or to prepare your presentations. You will have free access to our study centre, reference materials and computer, internet and wifi facilities. We will provide you with a security keycard which will allow you to enter the Professional English centre whenever you like from 8am to 10pm, seven days a week.

London and back in an evening!

Cambridge is the ideal location for a Professional English centre. It is just 60 minutes by train from central London and 45 minutes from Stansted International Airport. It is quite easy for clients to go to a show in London and be back in their accommodation in Cambridge that same evening.

Group Training at CAE

In addition to teaching students who come to us individually, Cambridge Academy also offers opportunities for students coming to us in organised groups: For example:

- Young people from one school on English 'study weeks'
- Study holidays for students aged 50+
- Groups of teachers, police, army officers or employees

They might wish to be entirely separate from the rest of the school ('closed groups'), or they might want part or most of their course to be integrated.

At CAE, we have

- experience in teaching closed and integrated groups from many countries
- flexible and adaptable timetables, so that courses can be designed to suit each group's requirements

and above all...

- ... a large new building, the Kamiya Courtyard, designed specifically for the training of groups, which can become 'their' exclusive headquarters during their stay with us.

The Centre Itself

The Kamiya Courtyard features all the very latest in architecture, IT and classroom equipment. The classrooms have been designed to be adaptable to a range of different group sizes and teaching formats.

- State-of-the-art partitions that employ the very latest in sound-proofing technology allow adjoining classes to be combined or separated in seconds.
- Spacious walls provide ample room for illustrations and materials specific to a particular course. The extensive floor area is ideal for activity-based learning.
- Interactive whiteboards, integrated projection systems and all-round (free) wifi maximise the effective use of IT.
- Large windows flood the whole building with natural light. In the evening the rooms are illuminated with systems designed to provide a warm, diffused light that is ideal for study.
- The extensive use of wood in the overall structure produces excellent acoustics and lends the building a natural and agreeable atmosphere.
- Under-floor heating and effective ventilation systems ensure that the rooms are dry and comfortable and the air fresh in all weathers.

The Kamiya Courtyard also has its own teachers room, quadrangle and restroom facilities. This means that the daily schedule is adapted to the group rather than to the CAE campus as a whole. In other words, closed groups at CAE now have a centre which they can regard very much as 'their' headquarters within the school.

And yet the features that have made CAE attractive to English learners for many years – the study centre, the library, the common room, the cafeteria and, above all, the lovely gardens – will be as accessible to those studying at the Kamiya Courtyard as they are to all other CAE students.

What are 'closed' groups?

These are groups of English learners usually from one company, school or government department who particularly need one or more of these features:

- intensive training in an English-speaking environment
- training that is separate from other groups or individuals
- trainers experienced in providing English for Specific or Academic Purposes
- a course (sometimes) as short as 1 week

They also may want:

- a special timetable
- a certain class size that is different from the standard CAE maximum of 12
- The opportunity to study in small classes for some of the course – but then to come together as a larger group later

The age range of the group might also be significantly different from that of other courses being run in the school at the same time.

Would you like to book the Kamiya Courtyard for a Closed Group Course?

There is no such thing as a standard group, so we need to know as much about your requirements as possible in order to provide you with a tailor-made proposal.

We'll need to know:

- When you would like the course to be run, and for how long
- The number of students in your group
- The age range of the students
- The current English levels of the students
- The kind of course needed (technical, business, school examination, general)
- What accommodation is needed (hotel, B&B, homestay)
- What meals we should provide
- What excursions or special visits we should include
- Whether you would like CAE to provide transport to and from the airport.

Summer Courses for Young Learners

Yvonne Chapman
Director of Young Learner Courses

Cambridge Academy of English established its distinct brand of programmes for individual young learners in 1991, and since then it has played host to many thousands of young people from some 65 countries.

We are delighted to present the four summer centres that we run for young learners each year. These four centres all have their own characters and characteristics, and each is tailored to a particular age-range. However, there are certain important features that are common to all of them:

- None of our centres takes large groups from one country
- There are never more than 12 per class
- Courses are quite intensive: 15-20 hours (full 60 min) of teaching – but teaching of a stimulating and dynamic kind that is likely to be quite different from anything our young clients will have experienced at home
- Young learners at all our centres start their courses together. Youngsters will not arrive to find that they are newcomers amongst other students who all got to know each other the previous week
- There is always a choice of several sport and non-sport activities in the afternoons
- Excursions are to places that are both educational and great fun

Our aim is simple – to send our young learners back to their own countries speaking and understanding more English than when they arrived. And we believe this only happens if they are kept both busy and entertained in a friendly, English-speaking environment that is not too large and not dominated by one or two nationalities.

Another significant point is that the fees for all of our courses are fully-inclusive – there are no 'voluntary extras' or 'add-ons' that youngsters will be asked to pay for once they have arrived.

We invite you to have a closer look at the four centres that are described individually later in the brochure. We have tried to include as much detail as we can – but if you have further questions about any aspect of the course, please contact us or your local CAE representative.

Come and join us this summer! We look forward to meeting you.

Yvonne.

What happens when I arrive at the airport?

On the Sunday before the course begins we will meet you and take you to your homestay. The inclusive airport transfers service is only available to/from Stansted and Luton airports, London Heathrow and London Gatwick, and for flights arriving between 0900 and 1900 on the Sunday before the course begins, and for flights departing between 0900 and 1900 on the Saturday after the course ends. If, however, you wish to arrive or depart at a different time or at a different airport, please allow for an extra charge for your transfer.

What if I am delayed?

Don't worry! We will wait at the airport until either you arrive or your parents (or agent) confirm that you are not coming. CAE will confirm your safe arrival at your homestay by email.

Where is the CAE centre?

CAE is located in a safe residential area called Girton which is on the outskirts of Cambridge, the famous university city. The centre of Cambridge is about 15 minutes by bus from the school.

How big are the classes?

There will never be more than 11 other students in your class.

How much English must I already know?

We can teach any level from elementary to advanced (**but not absolute beginners**). On your first day we will test your spoken and written English and make sure that you are placed in the right class for your level.

Which countries will my classmates be from?

A wide variety. And remember – (i) at CAE we never take large groups of students from one country, and (ii) we limit the number of students speaking the same mother tongue. This means that you will have the maximum opportunity to practise your English with all your fellow students.

What are the classes like?

They will probably be quite different to anything you may have experienced before. You will spend a lot of time speaking and listening (though you'll get the chance to do reading and writing as well). We know that people learn language most easily when they use it for something interesting to them, so we help you to choose the activities which you most enjoy. We'll give you lots of opportunities to develop your study skills and to use your English in real situations. You will find that you can't help learning quickly!

What about the end of the course?

We will take you to the airport and help you check in. Then we will wait at the airport until we know your plane has taken off.

A roof over my head?

All teenage course students studying at CAE are accommodated with local homestay providers chosen to meet teenage needs. You will be asked to share a bedroom – usually with someone speaking another mother tongue. You will be able to have a bath or shower every day, and your homestay will provide you with a laundry service once a week.

The homestay?

Because our homestays come from the same residential area as our school we know them very well – in almost all cases we are the only school they work with. When you apply you should give us as much information about yourself as you can – perhaps you don't eat meat, or you are allergic to cats, or you like music? We will try to choose the host which we think most suits you. All our 'T-course' homestays specialise in accommodating young people.

Something to eat?

You can try real English food at your homestay, who will give you breakfast and dinner every day, and lunch during the weekend (if you are on a weekend excursion they will give you a packed lunch). During the week you can get lunch in the school cafeteria. Don't worry about money for meals; they're all included in your course fee.

But how will I get to school?

Your homestay will be within easy reach of the school and no more than a 5-minute direct bus journey from the bus stop nearest to your homestay. Your parents will allow you to walk to/from school.

What happens if I am ill?

Your homestay will know exactly what to do. If it's a minor problem you can see the local doctor, who is used to foreign patients. If it is more serious, we refer you immediately to the local hospital, and if necessary we will fly you home (and the cancellation of your course is covered by insurance included in your course fee).

Other emergencies?

When you arrive we will give you an emergency 24-hour school telephone number which you can use at any time of day or night. There is also an emergency number for your family back home to use if they want to contact you.

Money! Money! Money!

Only bring your pocket money. Everything else – airport transfers, your meals, excursions, sports, admissions – is included in the fee. (If you like, we can keep your pocket money safe until you need it.)

Time for sport! Mad about tennis ...?

Or football, volleyball, badminton, basketball, table tennis, baseball? There are lots of opportunities for different sports.

Is your name Picasso?

Even if it's not, you can still have great fun glass painting, designing T-shirts or making jewellery in the CAE Art Room.

Those CAE evenings ...

Barbecues, music nights, ice-skating, cinema, bowling, big-screen DVDs, karaoke and much more ... all organised by our full-time social activities team.

Excursions and study visits

Regular excursions and study visits are a very important part of your course. You will visit Cambridge and London as well as other local destinations. When you are out and about you will get a chance to put your new English skills into practice

What is Moreton Hall?

Moreton Hall is a private boarding school which in summer becomes the centre for CAE's junior residential course. It is in Bury St Edmunds, which is a small, friendly town 35 minutes east of Cambridge by car.

Where will I live?

Moreton Hall is a residential summer school which means that you will sleep in dormitories with between 3 and 9 other children.

Where will the other children be from?

You will meet children from all over the world – all learning English like you. In the past, children have come from many different countries including Turkey, France, Cambodia, Italy, Spain and Russia.

What are lessons like?

Your lessons will probably be quite different to the English lessons you have in your country. Your class group will work on a course project. You will develop your vocabulary, grammar and pronunciation as you write newspapers, produce a tourist guide or make a film. You will learn the English you need by doing the things you like to do. You will prepare a CAE portfolio as a record of what you have learnt and all the unusual and exciting activities you have tried.

Sports and activities?

Moreton Hall has opportunities for some great sports: a private heated swimming pool; two 'all-weather' tennis courts and a large sports hall for playing basketball, volleyball, badminton and other indoor sports. There are hectares of fields for football, baseball, cricket and rugby.

... then there are the other activities

– art, dance, juggling, T-shirt painting, face-painting, craft work, acting and music ...

... and then in the evening

– cinema trips, ten-pin bowling, theme parties, treasure hunts, quiz nights, karaoke and DVD's!

What about excursions?

Regular excursions and study visits are a very important part of your week. You will visit London and Cambridge as well as the local town of Bury St Edmunds. When you are out and about you will get a chance to put your new English skills into practice! Good luck!

What about the food?

All your meals will be in the school along with your friends and teachers. If you go out on a full-day excursion, we give you a packed lunch.

What will my teachers be like?

They will all be energetic, qualified and experienced in looking after children of your age. They will not only teach you English, but also sports and other activities.

How much money will I need?

You only need to bring enough money for sweets, souvenirs and presents. Everything else has already been paid for. We will keep your money safe until you need it.

Moreton Hall

Information especially for parents

No doubt you will have a lot of questions about Moreton Hall too – particularly about the safety and welfare of your children.

Here are some of the most common questions we receive:

What happens at the airport?

All children are met at the airport by CAE representatives carrying boards to identify themselves. They will wait at the airport until either they have met your child, or they receive confirmation from you or your agent that your child will not be arriving. Children are then taken direct to Moreton Hall. At the end of the course, children are taken back to the airport, and CAE staff do not leave the airport until the plane has departed. The inclusive airport transfers service is available to/from Stansted and Luton airports, London Heathrow and London Gatwick, and for flights arriving between 0900 and 1900 on the Sunday before the course begins, and for flights departing between 0900 and 1900 on the Saturday after the course ends. If, however, you wish to arrive or depart at a different time or at a different airport, please allow for an extra charge for your transfer. Our staff will contact you to confirm your child's safe arrival at Moreton Hall.

How safe is the centre?

The school itself is set in spacious grounds in the small town of Bury St. Edmunds. Children are supervised 24 hours a day (our staff are on site throughout the night) and they are not allowed out of the school grounds unaccompanied. School excursions are also closely supervised.

How large are the English classes?

Classes never contain more than 12 children. Children learn most outside of the classroom and our staff/student ratio of 1:6 ensures individual attention at all times of the day.

What is the nationality mix?

We do not allow more than a certain number of children of the same mother-tongue. Above all, we do not accept large groups of children from one country. Your child will be in classes with children from other countries, share dormitories with children from other countries and enjoy activities with children from other countries. We encourage them all to use English at all times.

What happens in the case of illness?

We have staff with first aid training available at all times to deal with emergencies. All but the most minor problems are referred to the local doctor. In more serious cases arrangements are made to fly the child home (and your included insurance policy covers loss of fees).

What if my child is homesick?

This is quite normal for the first day or so, especially if your child has never been away from home before. Our staff are very experienced in dealing with this problem. A full and varied schedule almost always means that homesickness is quickly forgotten.

And laundry?

Children's clothes and towels are cleaned regularly.

Old Buckenham Hall

Old Buckenham Hall – we usually just call it ‘OBH’ – is the newest addition to our list of centres, designed for young people aged 12-15. OBH is a private English boarding school in the lovely English county of Suffolk, not far from Cambridge and within easy reach of the main airports. (It is also only about 20 minutes from another of our centres, Moreton Hall.

The CAE team takes over at OBH in the summer as a residential summer camp for children from other countries. This means that as with Moreton Hall and Princess Helena College we have sole use of beautiful buildings with big classrooms, a library, IT centre and, of course, comfortable accommodation, and lots of wonderful sports facilities and grounds as well.

Getting you there safely . . .

CAE representatives will meet you and take you to Old Buckenham Hall. We will be wearing brightly coloured CAE identification and carrying CAE welcome boards. At the end of the course, you will be taken back to the airport, and CAE staff do not leave the airport until the plane has departed. The inclusive airport transfers service is available to/from Stansted and Luton airports, London Heathrow and London Gatwick, and for flights arriving between 0900 and 1900 on the Sunday before the course begins, and for flights departing between 0900 and 1900 on the Saturday after the course ends. If, however, you wish to arrive or depart at a different time or at a different airport, please allow for an extra charge for your transfer.

Your summer course

We run 2-week courses at OBH, but you can come for all 4 weeks if you want to. You might find that the classes are very different from your English classes at home. There will never be more than 11 other students in your class and on this course you can be sure you will meet lots of people from other countries. So far, students from more than 75 different countries have studied at CAE! All this means you will have the maximum opportunity to practise your English with all your classmates ... and we can teach any level from elementary to advanced (but not absolute beginners).

Your classes

In your classes you will spend a lot of time speaking and listening – though you’ll get the chance to do reading and writing as well. We know that people learn language best when they are doing interesting things, so our team of qualified and energetic teachers will help you to choose the activities which you enjoy most. The action does not stop from the moment you get up to the moment you go to bed, so you’ll have lots of opportunities to use your English in real situations – you’ll be amazed how quickly you will learn to communicate better in English. Who knows, you may even start dreaming in English! You will complete your own CAE portfolio - a wonderful record of lessons, activities, trips and new friendships made. We hope you will show it off to family and friends and be proud of your English achievements.

Your accommodation

OBH is a residential summer school, which means that you’ll sleep in dormitories of up to 7 other teenagers. All your meals will be in the school along with your friends and teachers, unless you go out on a full day excursion when we will give you a packed lunch.

Old Buckenham Hall

Activities at OBH

Old Buckenham Hall offers you some great activities and sport. In fact, if you prefer to learn English by doing things rather than just studying, then we think OBH is your centre ... **You will get an opportunity both to specialise in one sport or activity, and to try out lots of others.**

- Your afternoon is divided into two halves. In the first half you can try something you have never done before – perhaps film-making or golf – while in the second you can move on to your favourite activity for the whole week– such as baseball or model making. It would be impossible to list all the things you'll be able to do at OBH, because we are always having new ideas! – but you will always find football, tennis, baseball, volleyball, swimming, basketball, badminton, as well as art, crafts, drama and dance.
- In the evening we have films, theme parties, discos, quiz nights and talent competitions – you'll be kept so busy that you won't even notice that you're doing all these things in English and enjoying it too.
- On every course there are excursions during the week. Your closely supervised excursions may be to London, where you'll be able to see the famous sights and do some shopping.

Welfare

On every CAE course you will find a friendly, hard-working and, above all, safe environment.

- Teenagers are supervised 24 hours a day and they are not allowed out of the school grounds unaccompanied.
- Homesickness at the start of the course is quite normal but our staff are very experienced in dealing with this problem. A full and varied schedule should mean that homesickness is soon forgotten.
- We have staff with First Aid training available at all times to deal with emergencies. All but the most minor problems are referred to the local doctor. In more serious cases, arrangements are made to fly the teenager home (and your included insurance policy covers loss of fees).

What is included?

Only bring your pocket money, pens and pencils! Everything else – airport transfers, your accommodation, your course, your meals, excursions, sports, admissions – is included in the fee.

How do I enrol?

Just fill in the Young Learner Enrolment Form and send it to CAE. We will confirm your booking and send you all the information you need. We'll start getting things ready for you at Old Buckenham Hall. You'll never forget your time there - or the new friends you make from all over the world.
