CREATIVITY AND MOTIVATION IN THE CLASSROOM WITH TEACHER LANGUAGE DEVELOPMENT

Do you feel that you need fresh and creative ideas to stimulate and motivate your learners? Do you feel that your course book is sometimes dull and needs bringing to life? At the same time, do you feel that your own spoken English is getting a bit rusty and you would like to reactivate it? Would you like to learn new 'in' words and expressions in English, everyday idioms and a host of other areas to bring your current English up-to-date? If your answer to these questions is 'Yes!', then come and join us!

Who is the course for?

Teachers of English working with secondary school students or adult learners. Although materials and course content are in English, nearly all the ideas and techniques are easily transferable to the teaching of other foreign languages and the course is therefore also suitable for teachers of other foreign languages.
