EDINBURGH

SCHOOL OF ENGLISH

The **Active Methodology** course focuses purely on learning and teaching methodologies. You will evaluate these for effectiveness and discuss ways of adapting them to fit in with your own teaching context.

The **Language and Methodology Refresher** course aims to improve your competence and confidence in English as well as updating your methodology, classroom management and practical teaching methods.

If you teach curricular subjects in English, the **Content and Language Integrated Learning** course offers you practical methods to support your learners.

The one-week **Storytelling & Pronunciation** courses are for both primary and secondary and adult teachers. They will look at how you can integrate these core skills into your classes to boost your learners' confidence, not only in spoken English, but also in the written language. Taking these two as a pair will create a stimulating and challenging two-week course.
