

am Teacher Training Refresher Course

Our courses are designed for teachers who would like to refresh their English knowledge and skills. It provides a professional environment to discuss different strategies, techniques and methodologies which can be adapted to suit the needs of different students.

The recommended approach is a balanced overview of the target language (English), grammar and vocabulary, pronunciation, and fluency development. In the ESP part of the course, participants are given the opportunity to look at their area of interest and how these can be adapted to their own teaching style.

Participants will also have the opportunity to explore the use of interactive whiteboards and are encouraged to apply their skills in task-based activities leading to peer teaching exercises.
