2024

A welcome message

Lisa James, Managing Director

2023 saw us open our doors in 22 locations and welcome over 11,000 students through our doors from all over the world. We are slowly building back up post the abrupt stop to our businesses in 2020, and this summer we are excited to be launching two brand new destinations for Embassy Summer: Dubai and Cape Town! Please see more information on each of these locations on pages 60 and 64.

People often ask what a summer camp team does in the winter? This year we will be further developing our teaching materials and introducing a more comprehensive training programme to all of our temporary summer camp staff. Both of these initiatives will directly benefit everyone who joins us in 2024 and support the continued success of Embassy Summer around the world.

We are super excited about the coming summer and look forward to once again, sharing the journey with you!

The Embassy Summer Journey

Once upon a time...

Though we create "magic moments" Embassy Summer isn't a "once upon a time" fairy tale. Embassy Summer is a legacy of experienced staff and inspired students and participants. Our story is one with a past, present, and future: it is our pleasure to share the Embassy Summer story with you!

History

We've come a long way and learnt at every step of our journey!

Embassy Summer is a trusted global leader in full immersion junior language programmes with over 40 years of experience in delivering dynamic experiences to students from around the world. We work with global universities, colleges and schools. We've navigated through many years of challenges and joy. This year Embassy Summer will operate over 21 summer schools with our partner colleges, schools, universities and hotel residences in 6 countries.

Identity

Your summer experience matters!

Embassy Summer courses are designed to ensure that students make the most their time with us. Not only do our students get to improve their English (or French, in Montreal); but we also support their personal development and provide them with lots of opportunities to make new international friends. We are experienced at delivering outstanding programmes, with a 99% student satisfaction rate based on student feedback. We also have a truly global nationality mix with students coming to our centres from over 85 different countries.

We deliver

We deliver rewarding English language programmes for young learners, providing a truly life-changing experience for students from all over the world. We are a trusted and globally accredited provider with a 40+ year track record.

Reality

Join Embassy Summer - your adventure awaits!

Culture, fun, education, language - these are the elements that give Embassy Summer its magic!

Join Embassy Summer for a physical adventure such as swimming or hiking, or a social adventure such as a games evening, a disco or sightseeing with new friends. Our students explore some of the most iconic and historic locations in the world- all whilst being immersed in the language.

Amazing locations

Choose from 21 amazing locations...

From London to Los Angeles, Malta to Cape Town or Dubai - our students have the opportunity to learn side by side, with their new friends, in a variety of locations around the world. For both frequent travellers as well as those exploring 'abroad' for the first time, all of our students have the opportunity to experience the beauty of the place they choose to travel to.

Award-winning

We have been recognised with the ST Star Award for juniors in 2015, the silver award for Best Educational Product in the British Youth Travel Awards 2018 and short-listed for the ST Star Award 2019

We help

students

succeed

in a global

community

Keeping our students safe

We place the highest priority on the welfare and safety of our students and provide a high standard of care and supervision across all of our programmes and in all of our global destinations.

Experienced Head Office Team

Our experienced head office team is responsible for training staff across all our centres to ensure they operate at the highest standard and in line with local accreditation standards. Student safety and wellbeing is our first priority, which is why all of our staff are required to complete Safeguarding Level 1 provided by the British Council. Additionally, each centre has at least one dedicated Welfare Officer who's sole responsibility is ensuring our students' wellbeing.

We care 24/7

We care for our students 24/7, with supervision after class, after activities and during excursions. We also have dedicated night supervisors in our centres to make sure we provide 24-hour support to our students. If any medical issues arise we have access to first aiders on-site and, if required, our staff have established links with local doctors, dentists and hospitals.

Nurturing and Homely Environment

To make sure individual students are happy and well-cared for we provide guardians to ensure that they are having a fun and safe experience in our centres. All of our residences have staff staying in the accommodation to provide a nurturing and safer environment.

Dedicated Support

We provide dedicated support for our students throughout their stay, including a full induction and orientation on arrival, where all students are issued with identity cards which contain our emergency telephone details.

The World Travel & Tourism Council (WTTC) SafeTravels stamp enables students to recognise schools around the world which have adopted health and hygiene global standardised protocols – so they can experience 'Safe Travels'.

Learning inside & outside the classroom

Here at Embassy Summer, we see language as a skill; less of a dry academic subject where the teacher explains structures and students complete exercises, and more of an opportunity to improve confidence in communicating and to practise speaking.

Immersion in an English or French-speaking environment

Many of the students that join our courses love learning languages and want to immerse themselves in an English or French-speaking environment, but we also have students who struggle with the language and want to leave with a basic operational level - we cater for both.

Student-centred lessons

It's important for us that students feel comfortable in lessons, that they are placed in classes with a good nationality mix wherever possible, which encourages them to use the language, to share opinions and discuss relevant topics whilst completing personalised communicative tasks. We spend time training and supporting teachers so they can run student-centred lessons that are fun and can give valuable feedback to students which will help them improve the level of their spoken language and allow them to return home with added confidence and a higher level of proficiency.

Online placement test

Whenever possible, we attempt to place students before arrival with an online placement test. Where we are unable to test students prior to their arrival we test them on their first day of lessons.

Real conversations

A typical Embassy Summer lesson will start with a speaking activity which will allow students to express their opinions (students might be asked to compare things or recommend something, ask for opinions, summarise a text or solve a problem). Depending on their level, the teacher might pre-teach some functional phrases or highlight them during a feedback stage; the focus is to provide a platform for real conversation on engaging topics and for the teacher to help them to improve. All our teachers receive training before they start and are supported by our academic team throughout the summer to enable them to deliver practical lessons with clear learning outcomes that improve students' level of communication.

Our Language Programme

The classroom is at the heart of an Embassy Summer centre.

Lessons are student-centred and encourage the development of relevant language skills

- Engaging classrooms with a positive learning atmosphere
- 15 hours (20 x 45 minute)* of lessons in the UK, US, Canada and Dubai (15 x 60 minutes in Malta and Cape Town) either in the morning or afternoon
- We teach all levels, from beginner to advanced
- All courses include learning resources where required, materials appropriate to students age and level, and an end of course report and course certificate.

*30 mins break every 90 mins

A good night's sleep

With so much to do during the daytime it is important that all of our students get a good night's sleep. Embassy Summer offers a wide range of residential options, all of which are risk assessed to ensure the ultimate safety for our students.

The majority of our centres are residential, offering students the opportunity to experience life on a college campus or in a boarding school environment. For our younger students, we recommend our boarding schools; these offer a more nurturing environment. For our teenagers the choice is much wider. Many of our centres offer single rooms with their own ensuite facilities; and in Malta we also use hotel accommodation with up to 4 students sharing a room. Outside of their bedroom students can also relax in the shared common spaces available to them.

We offer host family options in some of our centres (please see our centre pages for more details on where family stay is available). Our Homestay providers are all checked and inspected regularly and in the UK we work with a dedicated and accredited Homestay provider.

Most of our Homestay providers have hosted our students for many years.

We have guardians for our individual students, and residential staff in all of our locations, as well as night managers to ensure everyone is safe and well throughout the night!

All of our accommodation is cleaned regularly and we provide linen in all centres. Towels are provided in some locations but in general we recommend that students bring their own towel.

All of our centres offer full board accommodation and we make sure that our students have the right nutritional balance. We provide suitable meals to help them stay healthy, focused and energised. All our programmes include a variety of hot and cold meal items, and we can cater for most dietary requirements.

Out & about

A large part of a summer school experience is exploring the local towns, larger cities and famous attractions with new friends!

Two thirds of the student experience is actually spent out and about, away from the classroom and therefore Embassy Summer has spent many years tailoring its programmes in each location to maximise the whole student adventure. We recognise that the excursions and activities are as important as the English language classes.

All of our programmes include a variety of full day and half day excursions, and students also have the opportunity to take part in additional trips (known as optional excursions) if they want to explore the locality further.

For more details on the excursions available from each of our centres please visit the specific centre page.

When not out on excursions, we also offer our students a wide range of activities to enjoy. These activities vary differently from centre to centre and are very much dependent on the facilities available to us, but in general we always try to include a range of sporting and non-sporting events as well as larger, whole school, evening activities such as discos, beach barbeques and cultural quizzes.

Our activity programme is designed to ensure that students maximise their opportunities to mix and meet with other students from all over the world in a less formal setting than a classroom, that they continue to use their English (or French if in Montreal) language outside of the classroom and that, most importantly they remain healthy, happy and have a fun experience!

The Embassy Summer Typical Week

Sunday

MORNING & AFTERNOON Students arrive, head to their rooms, unpack and get ready for an unforgettable experience!
EVENING Staff organise games or treasure hunts so students can get to know each other and the centre.

Monday

MORNING Student induction held by the centre manager and after that it's time for some testing.
AFTERNOON Get orientated with the campus and the local community. This is good for students to know their way around, where to find the shop, the canteen and the cafés.
EVENING It's disco time! All students in the centre get together for an evening of fun.

Tuesday

MORNING First real lesson, students are divided into their classes based on their, age, level of English and nationality (to ensure a great nationality mix).
AFTERNOON It's time to leave the centre and explore. A trip to Arundel Castle or Brighton is on the agenda.
EVENING We arrange on-site activities such as 'the Great Egg Drop' and board games.

Wednesday

MORNING By lesson two, students are getting more familiar with their learning materials.
AFTERNOON It's time for some sports; mini Olympics and a football tournament is on the schedule.
EVENING Who doesn't love karaoke? It's our students' time to shine!

Thursday

MORNING By this time students usually start to become a bit more confident and the teacher might arrange a debate.
AFTERNOON Visit to the city centre where students get to explore the famous pier and the Sea Life Centre.
EVENING Murder Mystery - A fun activity where our students need to work together to solve a case.

Friday

MORNING Teachers might ask students to do a quick presentation about the place they'll be visiting on the weekend.
AFTERNOON Students can choose between playing volleyball or doing a dance workshop.
EVENING Tonight is the night for a talent show. This is a very popular activity that gets students into that Friday feeling!

Saturday

MORNING & AFTERNOON Wake up, have breakfast and get ready for London. Students explore Westminster and the National Gallery.
EVENING Students are usually tired after a long day out and about, and what could be better than a film night?

Sunday

MORNING & AFTERNOON Students can choose to stay at the centre to take part in organised activities and relax, or they can choose to come on our optional trip to Thorpe Park.
EVENING New groups of students have just arrived to the centre and everyone gets together for welcome activities.

All start with a remarkable journey

Discover new horizons and
prepare for a brighter future with
Global Achievers Academy.

 globalachieversacademy.com

POWERED BY EC

We have a wide range of options for both individuals and groups and are always open to specific requests and tailor-made options. These options can be either face to face, online or a hybrid of both. Please read on for more information on how we can extend the summer school experience and support language learning all year round.

Study Tours are the perfect option for teachers organising educational school trips or any other groups of students travelling with a leader or guardian at any time throughout the year.

Study Tours are the perfect option for teachers organising educational school trips or any other groups of students travelling with a leader or guardian at any time throughout the year. In addition to our award-winning summer camps we also offer closed group programmes outside of the high season in the UK, Malta and North America. These closed group programmes are typically tailored to the specific needs of the group and are the perfect opportunity for school groups to extend and enhance their in classroom learning to something more experiential!

Bring the classroom into your home with our online English courses

Our young learners can now benefit from our award-winning English language teaching without having to travel.

EC Live Young Learners brings language learning to the comfort of your home using the innovative National Geographic Learning curriculum.

Students learn from qualified and friendly English teachers. Our EC teaching standards provide clear guidance on delivering the most productive learning experience for your teens.

Lessons are held on the secure Microsoft Teams platform, which is designed for collaboration, thus making interacting with teachers and international classmates simple and effective.

What's Included

- Course eBooks powered by National Geographic Learning
- Access to our qualified and experienced teachers
- Live classes
- English Language test to determine your English level
- Access to learning materials for preparation and post class work
- Maximum class size of 10 students - guaranteed
- FREE subscription to Microsoft Office for 12 months including Word, Excel, PowerPoint, and much more to help our young learners around the world make the most of their home studies
- End of course e-certificate

For more information about options available with EC Live - Young Learners, contact your regional sales manager.

The curriculum is built on the key competencies required for students to become confident and effective communicators. It is based on the CEFR and is also interwoven by the 21st Century skills that have been identified as key for students to develop to ensure a successful future in a global environment.
