Welcome!

Dear reader,

We should like to introduce you to our school, the **Escuela de Idiomas Nerja**, and acquaint you with the range of available courses, along with the numerous cultural activities and various accommodation options, all of which we are sure will meet your demands and more than rise to your expectations.

We suggest that you come and stay in Nerja, a lovely seaside town brimming with attractions, to learn our language and get to know our culture and customs - in the very best of settings, namely, a relaxed, professional and yet family-like atmosphere. Enjoy learning Spanish in delightful natural surroundings, with beaches, mountains and a year-round subtropical climate.

Our lovely school, with its large tropical garden, typically Andalusian air, its own Students' Residence –the “Club Costa Nerja”- and our enthusiastic team of teachers, will make your stay a simply unforgettable experience.

Directors

Luis Carrión and Renate Urban

Nerja is a town of around 20,000 inhabitants, situated just fifty minutes from **Malaga on Spain's Costa del Sol**, which has successfully preserved its essential Andalusian character. **Surrounded by mountains and stunning beaches**, the town has an ideal climate, with an average annual temperature of 20°C. Agriculture, fishing and tourism are the main productive sectors. Although its history harks back as far as the Palaeolithic, the town owes its name and origin to Moors, i.e., “Narixa” in Arabic means “abundant spring”. The warm, extroverted nature of the locals, traditions such as Carnival, Holy Week, patron saint feast days and festivities, and the town's proximity to major cities (Malaga, Granada, Seville), make Nerja an ideal place to learn our language and get to know our culture.

The Prehistoric Caves of Nerja and the small white-washed villages in the environs are worth visiting for their cultural interest and special charm.

As Nerja is a **coastal town on the Mediterranean**, all water sports are

Nerja

within your reach, as are tennis, swimming, horseback riding and hiking, all of which are compatible with our intensive courses.

You can also take advantage of your leisure time by visiting the town's restaurants and bars, which serve regional **specialities**, or enjoying our traditional art form, **flamenco**. Indeed, Nerja offers visitors a great atmosphere, as well as a superb range of places to eat, cafés and services catering to all tastes.

The School

The **Escuela de Idiomas Nerja** stands in the **very centre of town**, housed in a typical Andalusian building with a good-sized tropical garden, only a few minutes' walk from the local scenic beaches. Nearby, you will find all types of shops, boutiques, restaurants and night spots, which will help make your stay both lively and enjoyable.

The School has **14 fully-equipped classrooms (interior and exterior)**. Special mention should be made of the garden, which is perfect for holding class or just relaxing during breaks at our outdoor cafeteria.

A short stroll will bring you to the **Club Costa Nerja**. Here, apart from having one of the possible choices of accommodation that we offer our pupils, you will be able to make use of the Students' Common Room, Internet, WIFI zone, bookshop, library, cafeteria, as well as a spacious courtyard (patio), where you can study or chat with your classmates in a friendly, restful setting.

Our teachers are Philology and Arts graduates, who are all specialists in the teaching of Spanish as a foreign language and who form a well coordinated, enthusiastic team ready and able to make your learning as effective as possible.

We offer a **wide variety of courses** designed to meet the needs of pupils, and combine our professional experience with the most up-to-date methodology and resources.

The Escuela de Idiomas Nerja was founded in 1980 by its current directors, Renate Urban and Luis Carrión.

Studies and Methodology

Study programmes for the **Intensive Course** (20 lessons per week in groups having a maximum of 10 students) and **Super Intensive Course** (30 lessons per week in groups having a maximum of 6 students) are structured into the six learning levels proposed by the **Common European Framework of Reference for Languages**, namely, **A1, A2, B1, B2, C1 and C2**. In those cases where student's level is A1, the specific course starting dates must be consulted. Where students already have some knowledge of Spanish, however, courses begin on every Monday of the year. Courses can have a duration of 1 to 32 weeks, according to individual need. The class timetable for Intensive Courses may be in the morning or afternoon, in accordance with the timetable set by the School. Super Intensive Courses are always taught in the morning.

Insofar as **methodology** is concerned, the School and the manuals that it uses follow a **"Task-based approach"**. Aside from the Communicative Method, our goal is **"significant and real teaching"** of Spanish. Classes are taught exclusively in Spanish. Assessment is continuous and, on completing a level every two weeks, students are required to do a progress test (or partial examination). Indeed, their progress is monitored by

means of a personalised **follow-up** conducted by teachers and the Director of Studies. Upon completion of the course, each student receives a certificate awarded by the School.
