The region is the top British tourist destination, thanks to its rich mixture of culture, beauty and charm. Surrounded by spectacular countryside and some of the best beaches in Britain, Exeter combines the excitement of a large city with the friendliness of a close community. One of Britain's safest cities, Exeter is the ideal location to combine learning a language with making new friends.

The Globe English Centre offers:

- Lively, intensive classes
- An excellent choice of courses and activities
- Expert teaching
- A friendly, relaxed atmosphere
- A real understanding of young students' needs
- A pleasant and safe environment in the city centre

You will make progress in English, learn about different cultures, make new friends and have a wonderful time while building for the future.

We look forward to meeting you! This is an experience you will never forget!

Accommodation

Host families play a very important part in the success of our students' stay. They provide the best opportunity to learn about British culture and make more progress in English. People enjoy sharing their lives and interests with their foreign guests.

Your host family

Our families follow the English UK Code of Practice in accordance with the British Council and British Authority recommendations.

Families provide a comfortable heated bedroom and offer breakfast, packed lunch and an evening meal. They will do some light laundry on a weekly basis if required.

We choose your family from the details on your enrolment form. It is very important that you write your requirements clearly. Most of our young students enjoy sharing their room with other students of the same age, although it may be possible to have a single room if preferred.

Families never have 2 students of the same mother tongue unless the students ask to share with a friend.

We select families for the comfort of their homes, their kindness and the quality of their welcome. Many of our families are personally known to our staff.

Families are within walking distance of approximately 30 minutes/2.80 km and on a bus route. Some students may be placed further and they will be provided with a free bus pass.

The host families work in close co-operation with the School in supervising the younger students and ensure that school rules and parents' wishes are respected.

If a student has any difficulties or problems with their host family, we will do our best to improve the situation and will change the host family, if necessary.

Residential accommodation

We believe family accommodation to be the best option for our students. However, we may be able to provide residential accommodation for groups, in private residences or on the nearby university campus. We have some self catering accommodation available for families who prefer to be more independent.

VACATION COURSES

These courses combine language learning with an enjoyable holiday. They are also available throughout the year and can be adapted to suit closed groups of students from educational establishments and agencies. For more information, please contact registrar@GlobeEnglish.co.uk
