Student Reviews

IH Manchester student

Mauricio

“ I had the chance to study in London and in Manchester, in two different schools and cities. I have no doubts that Manchester is definitely a city to be. And IH Manchester is for sure the best school in town! Manchester is a beautiful and vibrant city but also close to important cities like Liverpool or York. IH Manchester has a great staff that is always happy to help. And the teachers there are engaged to motivate students to achieve their goals. I had classes online and at the school building as well. I really recommend IH Manchester also for its location and great facilities. ”

Swellen

“ Studying at IH Manchester was an amazing experience for me. In addition to fulfilling my dream of studying English in another country, I had the opportunity to meet wonderful people in Manchester. I was very well received at the school and very well attended by everyone. The school also referred me to an amazing host family, the best I could have, which made my exchange experience perfect. The school's professionals are always willing to help and the teachers are excellent. It is worth studying English at IH Manchester. I highly recommend. ”
